MAMP-Pro, Bootcamp, VI/Unix shell commands

MVC Frameworks: CodeIgnitor, CakePHP

CMS Development: Drupal, Wordpress, Shop Site

Design: Flexible Web Design, Color Theory Adobe CS5
Suite, Print Production (Pre-Press)

Experience

Web Development

- ◆ Developer for Us magazine's custom photo galleries, games, and sweepstakes within the Drupal 5 Content Management System. Worked closely with system administrator to resolve performance and scalability issues, including caching for various levels of content being served. [<http://USmagazine.com>]
- ◆ Migrated StockXpert.com from procedural to Object-Oriented PHP using the CodeIgnitor MVC framework. Assisted in maintenance of website and subsidiary APIs. StockXpert receives over 300,000 hits a day and contains over 2 million images. [<http://Stockxpert.com>]
- ◆ Deployed content management system for Rolling Stone Magazine to create an online tool using the Object-Oriented PHP framework. This application contained group-based access to specific areas of the site based on user credentials. Created and included a custom publish function in addition to basic CRUD functions (Add, Edit, Delete, Preview). [<http://RollingStone.com>]

Web Design

- ◆ Splice Technologies, Inc. is a manufacturer of high quality hardware for fiber optics. A complete re-design and update of information architecture was needed for their online presence. The new layout focuses on easy access to each product page, and a modern and minimal visual presentation [<http://SpliceTechnologies.com>].
- ◆ Recreated and organized content for SMT, a boutique-recording studio in Chelsea, NYC. The new site includes interactive JQuery galleries that showcase impressive location shots, past client lists, and on-site interviews. [<http://SMTStudiosNYC.com>]
- ◆ Created a website using WordPress CMS for an emerging female singer/songwriter to promote her upcoming album. The site design reflected the cover album art and contained sound bites, photo galleries, and other press related materials. [<http://MaigninBlank.com>]

Awards

- ◆ Won the Web Marketing Association's WebAward, as an art director, for the E-Z Rent-A-Car website in 2005.
 - ◆ Received The Electronic Document System Foundation's Wayne Alexander Memorial Scholarship in 2005.
-
